

Iowa, Chicago & Eastern Hood Units N Scale

Typical Layout for DME & ICE Locomotives. Carbody is medium Blue with a Pale Yellow stripe running down the middle. The ridge V's up at the rear and down on the nose. Underframe, Fuel tank, Pilot and Trucks are Black. Use Two-Color DME/ICE #113 Blue and #113 Yellow. This set also has lettering to match all other units. There is a Companion set, #L-246 that covers all the correct Loco names and corresponding numbers for the ICE. See Prototype page for alternate decal placement.
