

W H Shurtleff ACF 3500 CUFT Cylindrical Hoppers O Scale

W.H. Shurtleff rostered 14 Covered Hoppers for use in Salt Service out of Portland, Maine between 1966 and 1968. They were in 2 batches of seven cars. 101-107 were 3500 CUFT ACF Cylindrical Hoppers built in 1966. 108-114 were Pullman Standard 4427 CUFT built in 1968. All 14 lasted until 1983. Carbody is Light Gray. The Cylindricals had all Red lettering and the 4427's had a Black top line of lettering. This set will do one of each car.
